

REMARKS

The Notice of Non-compliance mailed on May 17, 2005, indicated that the spacing of the lines of the amendment to the specification is such as to make reading and entry of amendments difficult, and the amendment was not entered. Applicant has revised the format of the previously submitted specification amendment amendments as suggested in the Notice of Non-compliance by submitting said amendment 1 ½ spaced. As indicated in the Notice of Non-compliance, Applicant includes only the "Amendments to the Specification" pages of the previously filed response requiring the suggested changes.

CONCLUSION

In view of the revised claim status indicators, Applicant respectfully requests the amendments be entered. Applicant believes this paper is fully responsive to the Notice of Non-compliance and submits that the application is in condition for allowance. Favorable action on this application is courteously requested. In the event a telephone conversation would expedite the prosecution of this application, the Examiner is invited to call the undersigned at 770-933-9500.

Respectfully submitted,

Cynthia J. Lee, Reg. No. 46,033
